countries have sought eye care.

During 1974, Dr. James Gills became the first physician in the United States to dedicate himself to the treatment of cataracts using intraocular lens implants. Now recognized as the world's most experienced cataract and lens implant surgeon, he has the distinction of having performed more cataract and lens implant surgeries than anyone else in the world. Dr. Gill's innovative techniques have helped to reduce complications of cataract surgery and to define the standard of care.

It's gratifying to be part of the rapid maturation of the International Board of Medicine and Surgery. IBMS plays a unique role in facilitating optimum Health Care Outcomes, connecting International Patients with the finest Health Care providers in the world.

IBMS offers now more diverse Services, including a discounted Professional Web Listing Service for Global Health Providers, HealthCare Affiliates and Health Travel Businesses. Listees can always upgrade to full-fledged IBMS Membership and enjoy the many additional benefits available uniquely to Certified and Affiliated Members. An IBMS Professional Listing costs only \$29.00 USA annually to maintain.

In addition to active Recruitment of Member Physicians on a face-to-face basis, IBMS is implementing enhanced international Search Engine Optimization and Search Engine Marketing to more deeply engage the crucial regional hotbeds of Medical Tourism in Central and South America. IBMS has already achieved considerable Membership enrollment from this region and enjoys a strong reputation among Health Providers and Clinics in Mexico, Costa Rica, Colombia etc. With this excellent foundation, there remains a huge potential upside there which IBMS is working aggressively to capture in the months ahead.

IBMS has recently initiated Marketing Partnerships with savvy, entrepreneurial Health Providers and Healthcare Affiliates who share the IBMS vision and are helping to promote the IBMS brand in additional favorable markets including Russian-speaking countries, Turkey, the Middle East and Israel.

The IBMS Web portal (www.ibms.us) recently was enhanced visually and functionally to reflect the new IBMS Service offerings and provide a slicker, more intuitive navigation for the user. This "facelift" has been well-received and permanently boosted
